CURRENT PORTFOLIO

The charter school law was enacted by the Louisiana Legislature to create a structure whereby city, parish, and other local public school boards and BESE can authorize the creation of innovative schools for students in Louisiana.

In Louisiana, the purposes of charter schools include providing opportunities for educators and others interested in educating pupils to form, operate, or be employed within a charter school, with each such school designed to accomplish one or more of the following objectives as cited in Bulletin 126, Section 105:

1. Improve pupil learning and, in general, the public school system;
2. Increase learning opportunities and access to quality education for pupils;
3. Increase educational opportunities for students in formerly failing schools;
4. Increase learning opportunity choices for parents and students;
5. Encourage the use of different and innovative teaching methods and a variety of governance, management, and administrative structures;
6. Require appropriate assessment and measurement of academic learning results;
7. Account better and more thoroughly for educational results;
8. Create new professional opportunities for teachers and other school employees, including the opportunity to be responsible for the learning program at the school site;
9. Provide competition within the public school system in order to stimulate continued improvement in all public schools; and/or
10. Expand the capacity of the public school system.

There are six types of charter schools in Louisiana, outlined in the table below. The oversight for Type 1, 3, and 3B charter schools lies with the local district by which the schools are authorized, while the Louisiana Department of Education (LDOE) is directly responsible for the oversight of Type 2, 4, and 5 charter schools.
