Our registration process is handled online.

If your child attended school in a district that used JCampus, your child will already have information in JCampus. Search using your child's SIDNO and/or name.

If your child did not attend a school that used JCampus, don't worry, you will be able to register by uploading documents.

Don't have access to a computer? Don't have the required documents?
You can make an appointment with the school for assistance, and you will have time to gather your documents.
