If the property damaged is a school bus owned by, contracted to, or jointly owned by any parish or city school board, a pupil suspended for such damage shall not be permitted to enter or ride any school bus until payment in full or arrangement of payment has been made for such damage or until directed by the Superintendent of schools. Authority for such actions on the part of the School Board is found in La.R.S. 17:416A(3)(d).

### Attendance

#### Compulsory School Attendance/Compulsory Ages/Duty of Parent-Legal Guardian/Consent to Withdraw

In compliance with the Louisiana Revised Statute 17:221, the policy of Jefferson Parish Schools requires that every parent/legal guardian residing within Jefferson Parish, having control or charge of any child from that child's seventh (7) birthday until his/her eighteenth (18) birthday, shall send such child to a public or private day school, or have him/her enrolled in an approved home study program, unless the child graduates from high school prior to his/her eighteenth (18) birthday. Any child below the age of seven (7) who legally enrolls in school shall also be subject to compulsory attendance provisions. Every parent/legal guardian responsible for sending a child to a public or private day school under provisions of this section shall also assure the attendance of such child in regularly assigned classes during regular school hours established by the School Board.

Marriage of minors under the age of eighteen (18) years results in their emancipation; hence there is no person in charge or control of them and no method or procedure by which their attendance in school can be compelled.

#### Types of Absences

A. Exempted and Excused: The student is allowed to make up missed work and the absence is not counted against attendance requirements. Examples are extended illness documented by a doctor or to celebrate religious holidays.

B. Non-Exempted and Excused: The student is allowed to make up missed work but the absence is counted against the attendance requirement.

C. Unexcused: The student is not allowed to miss work and the absence is counted against the attendance requirement. An example is skipping school.

D. Out of school suspensions: The student is allowed to make up missed work but the absence is counted against the attendance requirement.

#### Attendance Requirements to Receive Carnegie Credit and Eligibility for Promotion

**Elementary/Middle Schools:**

According to the policy of the state of Louisiana, students must attend elementary or middle school for a total of 60,120 minutes to be eligible for promotion. Based on the 2019-2020 school calendar and a standard 375 minute instructional day, a student can miss no more than 14 days of school to be eligible for promotion.

**High School Students:**

In order to receive grades for a semester/year, high school students must be in attendance for a minimum of 30,060 minutes in a semester or 60,120 minutes in a year for schools not operating on a semester system.

Based on a standard 375 minute instructional day, this means that students in a high school on a semester system can miss no more than 7 days in the 90-day first semester and 7 days in the 93-day second semester. Students in schools not on a semester system can miss no more than 14 days to be eligible for promotion Carnegie units based on minutes.

**Attendance Requirements – Carnegie Credit**

In addition to meeting overall attendance requirements, middle and high school students must also meet certain attendance requirements to receive Carnegie Credit for individual classes.

Because schools in Jefferson Parish operate on different course calendars, students and parents are advised to check with their principal if they are concerned about the impact of absences on the ability to earn Carnegie Credit.
**Safety Guidelines for Students Riding School Buses**

The school bus driver is assigned one of the most important roles in the school system: transporting our students safely to school and then home. The school bus driver must constantly observe what is taking place as well as inside the school bus. Anticipating the movement of other vehicles and pedestrians, listening for sounds that may signal mechanical problems with the school bus, and protecting all passengers from danger caused by improper behavior on the school bus are part of the school bus drivers’ daily responsibilities.

As a trained professional, the school bus driver is the person in charge of the students he/she transports and is responsible for taking appropriate action to protect persons and property from injury and damage.

Parents/legal guardians can assist the school bus driver by periodically reviewing with their children behavior and safety standards, by supporting the school bus driver when a child misbehaves, by helping keep the neighborhood safe for school buses, and by supervising children at school bus stops. Parents/legal guardians should take the time to check their children’s clothing to make sure it is SAFE. Certain types of clothing can create a hazard as children get off the school bus. Especially dangerous are: long dangling jackets, sweatshirt drawstring, long backpack straps, long scarves, or other loose clothing. Such clothing can be caught in the school bus handrail, door, or other equipment as children get off the school bus.

Students must be safety-conscious at all times and must conduct themselves in a manner that will minimize hazards. The following guidelines, if followed by everyone, will make the daily school bus ride both safe and enjoyable:

1. Remain home when you have a contagious disease.
2. Leave home at a time appropriate for arriving no more than fifteen (15) minutes and no less than ten (10) minutes before the scheduled pick-up time.
3. Walk on sidewalks whenever possible. If there are no sidewalks, walk on the edge of the left side of the street, facing on-coming traffic.
4. Proceed to the assigned school bus stop.
5. Stand off the road at least ten (10) feet when waiting for the school bus. If a student is transported to the bus stop in a personal vehicle, he/she must exit the vehicle with ample time to wait at the stop prior to the bus’ arrival. He/she must not wait to exit the vehicle until the bus arrives at the stop, with the exception of inclement weather.
6. While at the school bus stop, do not play, run, or talk loudly. Conduct yourself in an orderly manner, avoiding damage to private property and safe-guarding against injury to yourself and others.
7. If necessary to wait across the street from the school bus stop, await the school bus drivers’ signal before crossing, and cross only in front of the school bus.
8. Board the school bus only when the school bus driver is seated at the controls.
9. Board the school bus in single file and promptly proceed to the assigned seat.
10. Store band instruments and school bags under the seat or where designated by the school bus driver, but never in the aisle, the entrance, or the exit.
11. Remain seated at all times when the school bus is in motion. This will minimize injury in case of emergency stops or collisions.
12. Sit straight in your seat with both feet on the floor in front of your seat.
13. Always keep the aisle clear.
14. Speak quietly and carry on normal conversations with the other passengers in your vicinity. Loud talking and shouting may distract the school bus driver.
15. Avoid unnecessary conversations with the school bus driver.
16. Abstain from eating, drinking, or smoking on the school bus.
17. Keep arms and head inside the school bus at all times.
18. Refrain from using profanity.
19. Avoid littering at the school bus stop and/or in the school bus. Never throw objects inside or outside the school bus.
20. Respect pedestrians and motorists at all times.
21. Report to the school bus driver, as you leave the school bus any damage you notice, because parents/legal guardians shall be required to pay for damages caused by students.
22. Avoid touching any mechanical controls, including entrance and emergency exit doors, except in cases of emergency, and only then in accordance with emergency procedures practiced once each semester as explained by the school bus driver.
23. Never ask the school bus driver to permit you to get off at any stop other than your designated stop.
24. Any student who must cross the street after exiting from the school bus should wait for the school bus driver to signal that it is safe to cross. The student should cross approximately ten (10) feet in front of the school bus, never behind it.
25. Students should go home immediately after reaching the “home school bus stop” location after school.
26. All pencils, pens, and/or any other sharp objects shall be stored in the student’s book bag while riding on the school bus.
27. Any student sustaining an injury while riding on the school bus should report this injury to the school bus driver immediately.
28. The following items are not allowed on the school bus: tobacco, alcohol, drugs, pets, glass objects (except eye glasses), weapons of any kind, and objects too large to be held in the student’s lap or placed under a seat.
29. Students with temporary disabilities or pregnant students must present an initial letter from the attending physician confirming the disability/condition and stating the student’s physical capabilities and limitations.

---

**Book Bag Policy (Grades 6-12)**

Only clear, see-through, or mesh book bags, tote bags, backpacks, or any similar articles are permitted.

**Buses**

**Students Riding School Buses**

“Safety Guidelines for Students Riding School Buses” in Jefferson Parish are listed below. These “Guidelines,” which may not cover every conceivable situation that may occur, are designed to create a safe environment for school bus students. It is requested that you read the “Guidelines” and retain them for future reference.

Throughout this document the term “school bus” will mean a school bus owned by, contracted to, or jointly owned by Jefferson Parish Schools.

**Communications Devices**

Use, Possession, or Operation of Electronic Telecommunication Devices

Students are allowed to possess electronic devices on campus. However, all electronic devices must be COMPLETELY OFF and must not be visible or audible while students are on the school grounds or on the school bus except under the conditions described below.

Electronic devices may be used as part of the instructional process only with prior permission of the principal or his/her designee. Individual school principals will establish and communicate guidelines involving electronic device use after school hours for students who participate in field trips, extracurricular activities, athletic events, or any other school-sponsored activity.

Electronic devices must be stored in a secure location. Students shall be personally and solely responsible for the security of their telecommunications devices. Jefferson Parish Schools shall not assume any responsibility for theft, loss, or damage of an electronic device or unauthorized calls made on a cell phone.

Phone communication during the instructional day must occur on school telephones with permission from appropriate school personnel with the exception of emergencies as deemed by the principal or his/her designee. Parents should continue to call the school for any emergencies.

The possession of electronic devices is strictly prohibited during testing situations or other forms of student assessment. School personnel may collect such devices before students are administered an assessment. If a student is found in possession of an electronic device during an assessment, the assessment will cease, the device will be confiscated, and the student’s assessment will be invalidated. Additional disciplinary action may be taken by the school administration.

Each school will establish and communicate consequences for violating its electronic device policy. Violations could result in one or more of the following: temporary confiscation of the device, detention(s) not lasting more than one hour, punish work, In-school Suspension of no more than two days, and out of school suspension.

Use, Possession, or Operation of Electronic Telecommunication Devices

Failure to give the device to a school system employee when requested is considered a serious offense and will add to the severity of the consequence.

No person, including students, shall be prohibited from using or operating any electronic telecommunication device, including any facsimile system, radio paging system, mobile telephone service, intercom, or electro-mechanical paging system or beeper, in the event of an emergency. “Emergency” means an actual or imminent threat to public health or safety which may result in loss of life, injury, or property damage.

Cooperative Endeavor/Law Enforcement

It is the policy of Jefferson Parish Schools to provide a safe school environment for students and employees. Therefore, there exists a cooperative endeavor among these agencies: law enforcement, juvenile justice, the district attorney, parish administration, human services authority, and Jefferson Parish Schools. The goal of the cooperative endeavor is to keep the schools in the parish safe from drugs, weapons, and criminal acts of personal violence.

As soon as a criminal act perpetrated by a student is detected, the appropriate law enforcement agency shall be called.

The responding deputy or police officer will come to the school, arrest the student if the investigation warrants, and secure the evidence. Initial notification of the parent/legal guardian of the juvenile’s arrest will be made by a school official, unless otherwise instructed by law enforcement. The school official will instruct the parent/legal guardian that the juvenile has been arrested and taken to Rivarde Detention Center. The juvenile will not be released from detention until a hearing on the matter is held before a judge in Juvenile Court.

Counseling

It is the policy of Jefferson Parish Schools that a planned comprehensive and developmental guidance and counseling program be provided in the school through an interdisciplinary approach. Individual and group guidance services shall be provided to students at all levels. Immediate assistance shall be provided for students who experience problems and long range services shall be made available when necessary. Long-range services shall include, but not be limited to, providing educational information, career/occupational information, personal/social services, referral services, orientation, testing, placement, and follow-up.

Early Intervention Specialists are available in every elementary and middle school to provide individual and group counseling as well as classroom guidance to assist with school adjustment and to address any behavioral, social or emotional difficulties the
student may be experiencing. Special education social work services are provided to special education students in all schools who qualified for said services as a related service under Bulletin 1508.

### Damage to Property

It is the policy of Jefferson Parish Schools that a student found guilty or responsible for damage or loss to any property belonging to Jefferson Parish Schools, another student, a school system employee, or school bus driver shall be held accountable for making restitution for said damage. Any student who is suspended for such an act shall not be re-admitted or transported until arrangements for payment in full have been made for said damage.

### Detention

Before or after-school detentions of an hour or less or Saturday detentions may be assigned either by the teacher or administrator. The parent/legal guardian is notified by means of a detention notice at least one (1) day before the detention is to be served. Two (2) copies of the detention notice will be sent home with the student. One (1) copy is to be retained by the parent/legal guardian. One (1) copy should be signed by the parent/legal guardian and returned to school before the detention is to be served.

The parent/legal guardian can legally refuse to allow the student to serve detentions. However, the student will be subject to suspension from school.

### Disabilities

#### Temporary Disability Policies and Procedures

A student returning to school or requesting accommodations based upon temporary disability must provide documentation from a Louisiana licensed physician qualified in the diagnosis of the condition. The documentation must be updated monthly and verify the current nature of the student’s condition, the expected duration of the temporary disability, physical abilities and/or restrictions including, but limited to, date of return to school, physical education activities, school bus transportation and other related activities. The parent/legal guardian must also present a signed statement releasing the school system and school bus driver from the responsibilities of injuries incurred which relate to the student’s disabilities.

If a student is, or is suspected to be, a student with a disability under the IDEA or Section 504, the student will not be excluded from school solely on the basis of that disability and the parent/guardian will have the option of obtaining a medical evaluation through the district upon request.

#### Chronic Disability Procedures

Students with chronic illness and conditions must present written certification from their doctor on an annual basis, and renewed at the second semester.

### Discipline

It is the policy of Jefferson Parish Schools that discipline be defined as essential to the orderly operation of any school and the maintenance of an environment conducive to quality education. Discipline is behavior in accord with rules of conduct. A student is required to conduct himself/herself properly while under school supervision and to comply with all policies and regulations declared to govern pupil conduct. Each student shall be held strictly accountable for any disorderly conduct in school buildings, on school premises, on school buses, and at school-sanctioned events. Any violations of the code of conduct should be reported to the school administration.

#### School-wide Positive Behavior Intervention Supports (SWPBIS)

SWPBIS is a research-based framework that can help schools design, implement and evaluate their approach to school discipline. Since every school is unique, SWPBIS does not prescribe a specific program or curriculum. But rather sets out a process and key criteria for schools to follow. Under the SWPBIS framework, schools must: 1) use discipline data to make decisions and solve problems, 2) focus on both prevention of problem behavior and positive interventions, such as counseling, mediation, restorative practices and other interventions that focus on building positive relationships, 3) model and teach behavior expectations and positive skills among students, and 4) continuously monitor implementation and adjust approaches as necessary. SWPBIS uses a three-tiered approach to preventing and intervening in problem behavior. Tier 1 focuses on supports for all students in the classroom and school-wide to prevent problem behavior. Tier 2 focuses on “specialized” supports tailored to target groups of students who engage in misbehavior. Tier 3 provides highly individualized responses for those students who continue to face disciplinary problems despite the presence of Tier 1 and 2 supports. SWPBIS is meant to work collaboratively with specific practices such as restorative justice practices to promote positive behavior in classrooms and on school campuses.

#### Restorative Justice

A theory of justice that emphasizes repairing the harm caused or revealed by misconduct rather than punishment by:

- a. Identifying the misconduct and attempting to repair the damage;
- b. Including all people impacted by a conflict in the process of responding to conflict; and
- c. Creating a process that promotes healing, reconciliation and the rebuilding of relationships to build mutual responsibility and constructive responses to wrongdoing within our schools.
Restorative Practices – A framework for a broad range of restorative justice approaches based on cooperation, mutual understanding and trust and respect that pro-actively build a school community by implementing solution based conflict responses intended to restore relationships and repair the harm done to the school community. These practices can be used to implement positive behavior in classrooms and on school campuses consistent with the framework set forth in SWPBIS.

Bullying

Statement of Policy:
The Jefferson Parish School Board (‘Board’) strictly prohibits bullying and/or harassment, as defined herein. The Board shall take reasonable steps to end bullying/harassment, to prevent its future recurrence and to prevent retaliation against any individual who reports allegations of bullying/harassment or cooperates in the investigation of an alleged violation of this policy. This policy applies to students on school grounds, while traveling to and from school, or a school-sponsored activity, and during school-sponsored events.

4. Purposefully shunning or excluding from activities.

Bullying/harassment need not include intent to harm, be directed at a specific target, or involve repeated incidents. When bullying or harassment is based on race, religion, gender, age, national origin, color, disability, genetics, marital status, or sexual orientation, such conduct violates the victim’s civil rights and District anti-discrimination policy.

   a. Student training shall consist of a total of one (1) hour of training conducted by the school. The training shall include defining bullying, skills to prevent bullying, reporting bullying, and overcoming bullying.

Schools must have at least one school-wide activity educating students, parents, and employees on bullying prevention strategies. Parents will receive Bullying Prevention Strategies via school and district newsletters.
3. All schools with grades 6-12 must have a designated area on campus for anonymous reporting of bullying allegations.

6. The parents or legal guardian of the alleged victim(s) and alleged offender(s) shall be informed of the potential consequences, penalties, or other remedial actions that the school may take.
7. The principal/designee will make reasonable efforts to complete the investigation promptly after receiving notice of the harassment/bullying, and shall take interim measures as necessary while the investigation is pending to prevent further harassment/bullying. Resolution of the Investigation
   A. Upon completion of the investigation, the principal/designee shall complete an investigation report which shall include pertinent facts, findings and recommended remedial action, if any.

      b. Provide training or other interventions to ensure that students, their families, and school staff can recognize harassment/bullying if it occurs and know how to respond.
      c. Provide additional services to the victim in order to address the effects of the bullying or harassment.

Jefferson Parish Schools is committed to maintaining a safe, orderly, civil, and positive learning environment to insure that no student feels threatened while in school, on the school bus, and/or when participating in school-related activities. No student may solicit, ask, or request another to do an act forbidden under the definition of hazing given below. No student may aid, help, assist, or abet another in the hazing of a student. No student may consent to be the subject nor hazed, or may the fact that a student consented to hazing serve as a defense for the student guilty of hazing.

All teachers and other school employees shall take reasonable measures within the scope of their individual authority to prevent violations of the policy. All students will be responsible to report any acts of hazing they witness to the staff of their school under the following procedures.

Any student, teacher, or other school employee who observes or is the object of hazing will report the hazing to a teacher, staff member or any school administrator. The administration of the school will conduct an investigation into any complaint of hazing. Jefferson Parish Schools’ policies and procedures for violations of school discipline policies will be effective for any violation of this policy. Any act of hazing which might be in violation of the criminal laws of the State of Louisiana, the Parish of Jefferson or the municipality wherein the school is located, if appropriate, will be reported to the appropriate law enforcement agency.

‘Hazing’ does not mean any adult-directed and school-sanctioned athletic program practice or event or military training program. However, adult-directed and school-sanctioned athletic and military practices or events must not engage or encourage any practice or direct students/athletes/cadets to engage in any practice/regimen/conduct which endangers the health or safety of any student athlete/JROTC cadet/participant under the guise of practice or training.

#### Educational Records: Access/Hearings

In accordance with the Federal Family Educational Rights and Privacy Act of 1974, it is the policy of Jefferson Parish Schools not to deny access to student educational records to any custodial or non-custodial parent/legal guardian of a child unless it is stated in the court ruling granting custody that the non-custodial parent is not to have access to the child's educational records. In such cases, a certified copy of judgment/court ruling the papers should be on file at the school and the instructions of the court followed.

Educational institutions shall not release educational records or personally identifiable information without the written consent of the parent/legal guardian or eligible student except to the individual school's authorized professional staff to further a legitimate educational purpose, and to other schools or school systems in which the student seeks or intends to enroll, upon condition that the parent/legal guardian or eligible student receive a copy of the records if desired.
Every attempt shall be made to contact the parent/legal guardian or other person(s) listed on the Emergency Card, even after school hours. If the school is unable to reach the parent/legal guardian listed on the Emergency Card, the nearest hospital for emergency treatment. Ambulance drivers shall be requested to indicate to which hospital they will deliver the student.

A parent/guardian may “opt out” of some, or all, of these disclosures by filling out the appropriate form at the school.

Educational Records: Access/Hearing Procedures

Educational records as defined by law are those records which are directly related to a student and are maintained by an educational agency or institution. A parent, legal guardian or eligible student (18 years of age or older) shall be provided the opportunity to inspect education records upon written request to the school principal responsible for maintenance of the records. Only information pertaining to the student who is the subject of the request shall be made available. The education records shall be made available within a reasonable time, but no longer than ten (10) days, for inspection and/or reproduction. There will be a charge for copies. If a parent, legal guardian or eligible student believes that information contained in the education record is inaccurate, misleading or in violation of the student’s right to privacy, s/he may submit a written request to amend specific information contained in the record along with an explanation as to why the requester believes that the record should be amended. The right to request amendment of an education record may not be used to dispute grades and does not afford any party the right to a hearing with respect to disputed grades. Within a reasonable time, the principal will inform the parent/legal guardian or eligible student, in writing, as to whether the record will, or will not, be amended, along with an explanation of the reason(s) for the decision. If the decision is not to amend the record, the requester will also be informed of his/her right to request a hearing before the Executive Director of School Support (EDSS), who shall function as the hearing officer and the Superintendent’s designee for purposes of this appeal process.

The parent/legal guardian or eligible student may request a hearing by contacting the office of the EDSS and completing a “Request for Hearing to amend records” form. The parent/legal guardian or student is entitled to be assisted or represented, at his/her own expense by a individual of his/her own choosing, including an attorney. The parent/legal guardian or eligible student may present evidence at the hearing. Upon completion of the hearing, the EDSS shall communicate his/her decision to the parent/guardian or student within ten (10) working days following the date of the hearing. If the EDSS decides not to amend the record, the requester may submit a statement, to be included in the education record, as to why he/she disagrees with the decision regarding amendment of the record.

Emergency Situations

Emergency Card Information

It is the policy of Jefferson Parish Schools that upon registration and every year thereafter, the principal/designee will secure information necessary to complete the Emergency Card. It is the responsibility of the parent/legal guardian to notify the school if changes occur during the school year. Falsification of information on the Emergency Card by a student may result in disciplinary action.

Emergency Care for Students

It is the policy of Jefferson Parish Schools to act in a responsible manner in the event of any emergency/accident/incident.

Procedures for Handling Emergency Care of Students

In the event of an injury, or serious illness, which necessitates immediate removal of a student to a hospital for emergency treatment, the following procedures may be implemented:

1. An ambulance is to be called by contacting the appropriate police agency at 911.
2. Every attempt shall be made to contact the parent/legal guardian or other person(s) listed on the Emergency Card, even after school hours.
3. It is the policy of the ambulance company to transport the patient to the nearest hospital for emergency treatment. Ambulance drivers shall be requested to indicate to which hospital they will deliver the student.
4. If the school is unable to reach the parent/legal guardian listed on the Emergency Card, an ambulance shall be called. An adult staff/faculty
member carrying a copy of the student’s Emergency Card and most current Health Information Form on file shall be dispatched immediately to the destination of the ambulance. Efforts shall continue to reach the student’s parent/legal guardian listed on the Emergency Card. The employee must remain until parent/legal guardian arrives.

5. The ambulance service fee is payable through student or family insurance where applicable. In cases where the student is uninsured, the parent/legal guardian of the patient will be billed by the ambulance service provider. The parent is responsible to contact the ambulance service to see if the fees will be waived if indigence is the basis of nonpayment.

6. If emergency treatment is necessary at the hospital and attempts have been unsuccessful to secure the parent/legal guardian’s approval to cover the costs of emergency treatment, the superintendent’s office may be contacted for a recommendation.

**Emergency Procedures**

At times during the school year it may be necessary to dismiss students early for various emergencies which sometimes occurs. Any decision regarding the early dismissal or emergency closing of schools will be made by the Superintendent based upon recommendations from staff members.

In the event of emergency closing of schools or early dismissal of students in schools, announcements will be made to the news media regarding this decision, as well as posted on the districts website [www.jpschools.org](http://www.jpschools.org), on the district’s facebook page and twitter.

Depending upon the existing weather conditions, a decision will be made as to whether students should be kept at school or released. If the decision is to hold students at school, all students, including walkers, will be held. Of course, the parent/legal guardian may come to the school at any time to pick up their children. In some emergencies, such as heating problems, etc., attempts will be made to house kindergarten and elementary age students at alternate sites in order to avoid sending students home earlier than regular dismissal time. The school will be able to provide the parent/legal guardian with information regarding housing for the child in an emergency. However, if problems exist with telephone communications at the school, the parent/legal guardian may call the Executive Director of Principal Performance office for information. There will be times when there is no other alternative than to dismiss students early. The parent/legal guardian should instruct their child that if he/she is dismissed from school at a time that is earlier than the regular dismissal and no one will be home, he/she should go to a neighbor’s or relative’s home until the parent/legal guardian is able to get home.

**Evacuation of Buildings**

Procedures for quick and orderly evacuation of school buildings have been established by each school and are posted in classrooms and other rooms. Alternate off campus re-unification locations may be used. Notification to student’s parents/guardians will be completed by phone, text and/or email when possible by information provided on the Student Progress Center.

Students are to familiarize themselves with these procedures for evacuation and to obey instructions of teachers in all situations. Because the orderly and rapid evacuation of buildings in an emergency is a serious and urgent necessity, student misbehavior during evacuations may result in disciplinary action.

**Fire Alarms, Discharge of Fire Extinguishers**

Triggering a fire alarm in a school at any time is a serious act which interrupts the instructional program and could result in student injury.

Students guilty of triggering a fire alarm may be subject to suspension for the remainder of the school year.

The discharging of a fire extinguisher by a student, except in the case of a fire, is also an act which has serious consequences and could result in appropriate disciplinary action (see Damage to Property).

**Fire Drills/Bomb Threats**

Fire drills are held at regular intervals. The signal for a fire drill is the sounding of a loud buzzer. When this signal is given, students will leave the classroom in a quiet and orderly manner.

When evacuating the classroom students are to:

1. Form a single line. (Students will be led from the building by the teacher)
2. Leave books behind. (Girls, however, should take their purses.)
3. Proceed as a class to the designated area.
4. Remain with the teacher throughout the drill.
5. When the ALL CLEAR signal is given, students will return to their classrooms with their teachers to await further instructions over the P.A. system.
6. Under no circumstances are students to yell, run, or create general disorder during a fire drill.
7. The above procedure will also be used during a bomb threat.

**Hall Passes**

Each school establishes its own system of hall passes for the orderly control of student movement during the instructional day. The specific system of hall passes in effect at each school is presented in the individual school policies parent-student handbook.
Head Lice (Pediculosis/Infestation)

It is the policy of Jefferson Parish Schools that any student who is present at school with head lice/nits shall be excluded from school and from riding the school bus until that student is free of active infestation and all louse nits. The student may be allowed to return to school when his/her head is free of all nits as verified by visual inspection by the parent/legal guardian and submission of written certification by the parent/legal guardian of treatment of the child and household as per instructions. The school reserves the right to check any student for head lice/nits upon return to school.

Health Conditions

Parents are responsible for notifying the school of any diagnosed health conditions, allergies, or diet restrictions the student may have by filling out and submitting a Jefferson Parish Schools Health Information Form every school year. A Meal Modification form completed and signed by the student's physician must also be submitted to the school for any diagnosed food allergies or diet restrictions and submitted to the school nurse.

Physician orders and additional forms are required for students that need special health procedures during the school day. Parents should contact the school nurse directly for further information.

Students may also be screened upon referral or requests of teachers and/or parents.

A record of such examination shall be kept on file in the student's health record. The school will notify the parents/guardians of each student found to have any defect of sight or hearing.

Homeless/Foster-Care/Neglected & Delinquent Student(s)

Children and youth experiencing homelessness or foster-care will be immediately enrolled in school as per McKinney Vento Homeless Assistance Act and Fostering Connection Act.

- even if lacking paperwork normally required for enrollment; or
- even if having missed application or enrollment deadlines during any period of homelessness or foster care placement.

Students shall present an ID card upon checking out library books. Failure to comply with this regulation shall result in disciplinary action.

Please see the section titled Diseases for further information in illnesses of suspected contagiousness or communicable disease.

Students who become ill during the school day should notify their teacher or a responsible staff member immediately. Prompt action will be taken in accordance with procedures established by the individual school. No student will be permitted to go home due to illness until the parent or legal guardian has been contacted.

It is recommended that parents keep their child(ren) home and contact a physician for the following until symptoms have been absent for at least 24 hours without the aid of medication: A rash or open sore that has not been evaluated by the doctor, elevated temperature of 100.4 or higher, vomiting 2 or more times within 24 hours, diarrhea, sore throat or persistent cough, redness with itching and or drainage to one or both eyes, active lice in hair or on scalp and cold or flu-like symptoms.

Early Intervention counselor or social worker or any other licensed counselor or social worker employed by the district, who will conduct a risk assessment and complete Part II of the Suicide Referral form. Those conducting risk assessment shall be trained/experienced in suicide assessment. If there is no licensed MHP on campus that someone from the Buddy list should be contacted to complete the assessment. If unable to each anyone then Jefferson Parish Mobile Crisis can be contacted at 504 832-5123 for possible assistance. It is recommended that the mental health evaluator or administrator not be involved in any current conflict with the child/adolescent. It is also recommended that the evaluation take place twenty (20-30) minutes after an initial statement is made to allow time for a child/adolescent to regulate emotional distress.

As part of this assessment, the mental health professional will gather as much information as possible from parents/legal guardians and others who know the student's condition and threat.

The following information is essential to collect:

- Exact dates and times of any written or verbal material discussing a threat of suicide or self-harm
- Does the child have a plan to harm self, intent to harm self, or means to harm self
- Identify all triggers precipitating these events, including social circumstances, conflict between child and peers, teachers or family members, current grudges, mental health and substance use history.

3. If the mental health professional determines that no risk is posed he/she will contact the parent/guardian and advise them of the situation and provide any necessary recommendations/suggestions. If the school based MHP determines that the threat was serious and that the student is at high risk for suicide then part 3 of the Suicide referral form will be completed and will include parent contact made and to where the student has been referred for further assessment/evaluation. As in any case of emergency where the student's safety and well-being are concerned, the mental health professional and principal designee will contact the parent/legal guardian, convey information regarding the severity of the student's condition and inquire about ongoing mental health treatment. If the student is under the care of a mental health professional, the parent/legal guardian will contact the mental health professional and arrange for an emergency assessment. If the student is not under the care of a mental health professional, the school mental health professional will require the parent to come to the school and may refer the family directly to a hospital ER and request an emergency evaluation.

The school will forward all copies to the crisis team or the child's mental health professional.

4. If the evaluation results in hospitalization, the parent/guardian will be encouraged to communicate openly with the principal or a designee and to share the results of the evaluation, as well as recommendations of the student's mental health providers, in order to avoid future crisis.

5. If further action is taken, use a second Suicide Referral Form and complete Parts I and III. Forward copies as indicated.

and notarized letters are not accepted as documentation of custody. The school registrar should contact Compliance for guidance when any forms of custody documentation are submitted.

NOTE: The Compliance Office respects the Court’s decision or Judgment; however, the court documents presented at registration are not the controlling factor in deciding the residency status of a student.

Other than transfer of custody/guardianship from one parent to another, custody/guardianship, relates to people who have had children awarded to them due to compelling reasons. As a result, the registrar will forward the submitted information via fax or email to the school’s designated Compliance Office Administrative Assistant to verify the information. The school and the student’s legal custodian/guardian will be contacted regarding a decision. Filing a petition for a change of custody in juvenile court for a non-compelling reason is viewed as an attempt to circumvent the policy and procedures of JP Schools.

Transfer requests should be made to the Compliance Office: 501 Manhattan Blvd., Harvey, LA 70058. - Students with previously approved Inter-district Transfers may remain at their current school until the terminal, or last grade of the school in which they are enrolled, as long as the Inter-District Transfer is approved by the School Superintendent of the Parish where the student lives.

LEAP Testing (Formerly EOC)

LEAP/EOC assessments measure the knowledge and skills a student should have mastered by the end of a course. The results of the LEAP/EOC assessments help to ensure that all Louisiana students have access to a rigorous curriculum that meets high academic standards.

Students must meet the assessment requirements below to earn a standard diploma:

Incoming sophomores, juniors, and/or seniors in fall of 2017 must pass three (3) LEAP/EOC assessments in the following categories:

- Algebra I or Geometry
- Biology or American History

Incoming freshman in fall of 2017 must pass three (3) LEAP/EOC assessments in the following categories:

- English I or English II
- Algebra I or Geometry
- Biology or American History

A student's score on an LEAP/EOC assessment will count 25% towards a student's final course grade. For students with disabilities who are working on an ACT 833 Diploma, a student's score on an LEAP/EOC assessment will count 5% towards a student's final course grade.

For students with disabilities who have passed two of the three required LEAP/EOC assessments and have exhausted all opportunities available through the end of the 12th grade to pass the required LEAP/EOC assessment, a waiver may be requested to the Louisiana Department of Education (LDOE). The LDOE will determine the student's eligibility and if the student's disability significantly impacted his/her ability to pass the EOC assessment.

Parents and family members, as their child’s primary teachers, play a vital role in the intellectual, social, and emotional growth of their children. A child’s development and success is dependent on the direct support a child receives at home. In an effort to promote responsible and successful parenting skills, the Board expects parents to:

1. Make sure children attend school regularly and arrive at school on time.
2. Assure proper hygiene and daily cleanliness of their children.
3. Make sure children are dressed properly, in accordance with the uniform or dress code.
4. Make sure that children get adequate amounts of sleep nightly.
5. Visit and discuss their child’s academic progress regularly with teachers.
6. Discuss academic progress and school events regularly with their child. 
7. Volunteer in child’s classroom, school, or related activities to the extent feasible and appropriate.
8. Attend school-sponsored programs in which their child may participate.
9. Join and be active in parent/teacher organizations.

Statement Of Compliance

Each student in grades 4-12 and each parent or guardian of a student in grades 4-12, shall annually sign a Statement of Compliance, in accordance with state law. For students, the Statement of Compliance shall state that the student agrees to attend school regularly, arrive at school on time, and follow school and classroom rules. For parents, the Statement of Compliance shall state that the parent or legal guardian agrees to ensure his/her child’s daily attendance at school, ensure his/her child’s arrival at school on time each day, and attend all required parent/teacher/principal conferences.

School-Parent Compact

Each school shall jointly develop with parents a school-parent compact that outlines how parents, the entire school staff, and students will share the responsibility for improved student academic achievement and the means by which the school and parents will build and develop a partnership to help children achieve the State’s high standards. Such compact shall:

1. Describe the school’s responsibility to provide high-quality curriculum and instruction in supportive and effective learning environment that enables the children to meet the state’s student academic achievement standards, and the ways in which each parent will be responsible for supporting their children’s learning, such as monitoring contributing services outside the normal school setting; and participating, as appropriate, in decisions relating to the education of their children, and positive use of extracurricular time.
2. Address the importance of communication between teachers and parents on an ongoing basis through, at a minimum:
   - Parent-teacher conferences in elementary schools, at least annually, during which the compact shall be discussed as the compact relates to the individual child’s achievement;
   - Frequent reports to parents on their children’s progress;
   - Reasonable access to staff, opportunities to volunteer and participate in their child’s class, and observation of classroom activities; and
   - Parental activities and/or contributions away from the school site that enhance academic achievement.

Other Programs

In conjunction with the district services rendered under the Board’s Parental Involvement Program, the School Board shall maintain contact and communication with social service and health agencies, faith-based institutions, and community groups to support key family and community services and issues. In particular, Jefferson Parish School Board has a strong relationship with and support from community and/or governmental organizations such as Families in Need of Services (FINS), Families Helping Families, Volunteers in Public Schools (VIPS), Partners in Education, District Parent/Teacher Association (PTA) and the West Bank and East Bank Parent Advisory Council. One of the primary goals of these groups is to support, supplement, and assist in improving the involvement of parents of children in Jefferson Parish Schools.

Resolving School-Based Questions & Concerns

During the course of the school year, situations may arise that require the parents/guardians of our students to contact the proper employee(s) in order to resolve an issue. To assure a prompt response and encourage proactive communication between the schools and parents/guardians, the following protocol has been established to provide guidance as to whom parents/guardians should address their questions and/or concerns.

We respectfully ask that you follow the steps as outlined below. You need not contact every person listed on a particular diagram. It is our wish that the issue is resolved very early in the step-by-step process outlined below.
