Virtual Discipline Policy

Introduction

It is the policy of Jefferson Parish Schools that student discipline is recognized as essential to the orderly operation of any school and classroom. In order to maintain an environment conducive to quality education, this virtual discipline policy has been created by district personnel and reviewed by the Discipline Policy Review Committee.

In response to the COVID-19 pandemic, the Jefferson Parish School System has given families the opportunity to choose from three different instructional models. Families may elect to have their children attend all classes in person on the school campus (Grades K-8). Students enrolled in the hybrid model attend classes both in-person and virtually (Grades 9-12). Families may also choose to have their children attend all classes virtually (all grades). Students may be required to attend school virtually when schools are closed due to inclement weather or other unanticipated emergencies. The Jefferson Parish School Board adopts this Virtual Discipline Policy in order to clarify expectations for student conduct in the virtual classroom and to provide notice of the possible consequences of inappropriate conduct in the virtual classroom.

Student conduct is governed, at all times, and regardless of the mode of instruction, by La. R.S. 17:416 and the Student Code of Conduct, as set forth in the Procedures and Policies for Parents and Students. Conduct that is unacceptable in the physical classroom is, under most circumstances, equally unacceptable in the virtual classroom. While students and parents have an expectation of privacy in their home, conduct that occurs in front of a camera, and in view of peers and teachers in the virtual classroom, shall be governed by applicable law and district policy. Cameras must be turned on in order for students to engage in virtual instruction. The purpose of the camera is to document attendance, to ensure student participation and engagement, and to safeguard academic honesty and integrity. Parents and students are cautioned, however, that the camera will capture activity that takes place within its frame and that there is no expectation of privacy with regard to any activity that takes place on camera in view of teachers and pupils in the virtual classroom.

The context in which student behavior occurs is important, however, and will be taken into consideration by school and district administrators in determining whether there has been a violation of the Code of Conduct, the severity of the infraction and the appropriate penalty, if any, under the circumstances. The District utilizes progressive discipline, discussed in greater length on page 2 of this policy. A student subject to discipline under this policy and the Code of Conduct shall be entitled to due process as set forth in the Procedures and Policies for Parents and Students, p. 11.

Privacy and the Virtual Classroom

Students and parents have a reasonable expectation of privacy with regard to what takes place in their home ***outside of the view of teachers and peers in the virtual classroom***. In order to ensure that students and teachers are able to work and learn in a safe and orderly virtual environment, it is imperative that students have a quiet, well-lit "classroom" space -- free, to the extent possible, from toys, images, personal property or other items that may distract from teaching and learning.

Students should be cautioned that the virtual classroom is for instruction and for engaging with peers and teachers for educational purposes. Students must not handle or display personal items, toys or images, or engage in conduct unrelated to the lessons taking place. Students who engage in conduct in the virtual classroom that violates the Student Code of Conduct as set forth in the Policies and Procedures for Students and Parents and this Virtual Discipline Policy may be subject to discipline in accordance with the Student Code of Conduct and this Policy.

School and/or district officials may be required, as mandatory reporters, to alert local law enforcement and/or the Department of Children and Family Services if they have reason to believe that a student is in imminent danger and that the safety and well-being of the student is at risk. This may include students handling weapons in the virtual classroom, even if it is subsequently learned that the weapon is a toy or facsimile, as it is not always possible to determine remotely whether the weapon is real or not.

Conduct in the Virtual Classroom

Parents, guardian, teachers, and school personnel are expected to work together to improve student behavior and academic performance. School staff will endeavor to communicate with parents/guardians regarding student behavior that interferes with the learning environment.

Students are responsible for all content posted through their online account. Students are prohibited from sharing their online account username or password or using the username or password of another student. A student who learns that their username or password is being used by someone else must report the issue immediately to the teacher and/or principal. Students are required to be properly dressed and groomed for virtual class sessions, and must refrain from personal grooming in view of the camera. School uniforms are required. As previously stated, students are required to have their computer camera turned on when virtual classes are in session.

Following is a ***non-exclusive*** list of behaviors that are prohibited in the virtual classroom and that may result in disciplinary action in accordance with the Student Code of Conduct as set forth in the Policies and Procedures for Students and Parents and this Policy: (See additional infractions on page 8-11 of the Procedures and Policies for Parents and Students)

Consequences of Inappropriate Online Conduct

Students are expected to conduct themselves appropriately while under school supervision and to comply with the policies that govern student conduct. Parents and students must be aware that conduct that is unacceptable and disruptive in the regular classroom environment is, typically, equally unacceptable in the virtual classroom. The School Board recognizes, however, that virtual learning is a new experience for students and families, and that the context in which student conduct occurs must be taken into account in determining the appropriate penalty, if any, imposed for violations of the Student Code of Conduct in the virtual classroom.

Student conduct in the virtual, as in the regular classroom, shall be subject to progressive discipline, as noted below. Progressive discipline is a graduated range of responses to student conduct from less severe to more severe penalties, depending on the severity and frequency of the conduct at issue. The goal is to discourage negative behaviors by helping students learn from their mistakes.

1. First Infraction - warning to student and notification to parent
2. Second Infraction - student referral, notification to parent and detention (virtual detention is permissible)

3. Third Infraction- student referral, notification to parent and suspension or in-school Suspension (virtual in-school suspension is permissible)

4. Fourth Infraction - student referral, notification to parent and suspension or expulsion (depending on severity of infraction)

It is important to remember that the seriousness of the conduct at issue will dictate the actions of the administrators and the nature of the penalty ultimately imposed. As noted above, a student may be subject to a severe penalty even for a first offense, depending on the seriousness of the conduct at issue.

Some factors that administrators will take into account in determining the penalty imposed, if any, for conduct that occurs in the virtual classroom will include:

- Age and cognitive level of the student
- Whether the conduct disrupted learning in the virtual classroom
- Whether the conduct was violent or threatening, in any way
- Whether the conduct was illegal
- Whether the conduct interfered with the rights of teachers and students to work and learn in a safe and orderly environment free from inappropriate images, language or behavior
- Whether the student received prior warnings or discipline for similar conduct

*Conduct in the virtual classroom related to the display or handling of weapons or drugs, or other conduct that raises legitimate concerns about the safety and welfare of a student, must be reported immediately to the School Resource Officer, Director of Safety or Executive Director of Special Programs in order to assess whether the matter must be reported to local law enforcement and/or the Department of Children and Family Services.

Attendance in the Virtual Setting

The instructional minutes as required by the Board of Elementary and Secondary Education (Bulletin 741), apply to all students regardless of the mode of instruction. (See Attendance section of the Procedures and Policies for Students and Parents page 2)

Principal Authority

The principal, as the designated leader of the school, is responsible for its orderly operation. In this capacity, the principal has the discretion to use professional judgment to determine the most appropriate course of action regarding discipline violations or illegal activities covered or not explicitly covered in policy. The principal will work collaboratively with teachers, counselors, and other support staff when determining the most appropriate course of action.

Code of Conduct

SWPBIS is used to promote positive school climates that foster healthy and productive school relationships. Through this multi-tiered approach, restorative practices can be put into action to build school community based on cooperation, mutual understanding, trust and respect.

It is the goal of Jefferson Parish Schools that every student will be free of drugs and violence, be offered a disciplined environment conducive to learning, and develop competence in those areas of life which are essential to individual and group living.

The competence areas which are considered essential education goals are communication, computation, reasoning, responsibility, arts and humanities, physical and mental well-being, and learning to learn.

In providing an atmosphere conducive to learning, it is essential that students gain confidence in their own abilities and talents, learn to control and discipline their own desires, actions, and habits, become aware of their own potential, character, and abilities, learn to rely on their own judgments and abilities, and form accurate perceptions of themselves and others.

The following code of student conduct is hereby adopted to further those objectives. These objectives are applied in school buildings, on school premises, on school buses, in the virtual classroom, and at school-sanctioned events:

1. Each student shall learn to control and discipline his/her own desires, actions, and habits in order to develop competence in areas of life considered essential to educational goals.
2. Each student shall learn that his/her behavior at school reflects the choices he/she makes in how to conduct himself or herself in school buildings, on school premises, on school buses, and at school-sanctioned events.
3. A student shall be accountable for, and shall accept responsibility for, his/her behavior during classroom instruction, in school buildings, on school premises, on school buses, at school-sanctioned events.

5. A student shall remain in his/her assigned area during the entire class period, unless he/she has permission to leave the area.

12. While under school supervision, a student when requested shall provide his/her name to any employee of the school system.
13. A student shall follow traffic and safety regulations at school, on school buses (boarding and disembarking from the school bus at the assigned stop), and at school-sanctioned events.
14. A student shall resolve problems, differences of opinion, and disagreements, whether they are with a school employee or another student, through nonviolent measures. A student shall refrain from instigating or participating in fights and/or threats, and will seek the assistance of others, when appropriate, to resolve such disputes by nonviolent means. Such means may include, but not be limited to, conflict resolution, peer mediation, and counseling sessions.
15. A student shall not engage in behavior or conduct that causes injury or harm to, or poses an immediate threat to the safety or physical wellbeing of any other student or to any school employee.

A student shall not use or operate any electronic telecommunication device including any facsimile system, radio paging service, mobile telephone service, intercom, or electro-mechanical paging system, or beeper in school buildings, on school premises, on school buses, or at school-sanctioned events. (Emergencies are exceptions see page 6)
20. A student shall not smoke, chew, or otherwise consume any tobacco product or carry, use, have, possess, distribute, sell, give, or lend any tobacco or tobacco product, smokeless tobacco, cigar, cigarette, pipe, e-cigarette, vape, or any other form of smoking object or device, in any form, in school buildings, on school premises, on school buses, or at school-sanctioned events.
