## Section 1: Literacy Goals & JPS Literacy Vision and Mission Statement

Jefferson Parish Schools strives to provide the education our students deserve to succeed in life and make our world a better place. It is our vision in Jefferson Parish for all students to become proficient readers and lifelong learners in order to prepare them for a life of success.

The literacy mission of Jefferson Parish Public Schools is to produce proficient life long readers. We will provide students with purposeful literacy instruction by equipping teachers with the skills needed to support literacy development through purposeful professional development focusing on the Science of Reading. Teachers will receive intentional coaching in order to provide high quality reading instruction to build the foundation for strong readers. Students will be given opportunities to receive differentiated reading instruction that targets their individualized literacy needs. Students will be afforded opportunities to extend their learning beyond the classroom through family engagement and community partnerships.

## Section 2: Explicit Instruction, Interventions, and Extensions

**What are we doing to help your child?**

Every student receives whole class instruction with individualized support based on the individual student's learning goals. All students receive additional support in literacy through daily small "WIN" (What I need) groups. Additional supports are provided to students who are English Language Learners or who have specific academic needs in literacy.

## Section 3: Ongoing Professional Growth

**What are we doing to support our teachers?**

Weekly on-site professional learning is provided to all teachers and paraprofessionals by the Instructional Leadership Team (ILT). The objective of each of these professional learning sessions is to address student needs as determined by progress monitoring of all students, student benchmark data and ILT campus student learning/discovery walks. Bridgedale educators are lifelong learners with the goal of continuing to refine approaches to literacy instruction in order to most effectively support all students in reading and writing based on Science of Reading best practices.

## Section 4: Family Engagement Around Literacy and Communication

**How will we communicate with you and keep you involved?**

Families will regularly receive information regarding their students' individual literacy goals and progress throughout the year by way of the ELA teacher. Early in the school year, families will be invited to a family literacy data and learning night to discuss these literacy goals and ways to support their student(s) in meeting their goals. Additional literacy nights and school wide initiatives will be shared with parents and families through the school's social media pages and text reminders.
