For Families of Students at the Following Schools:

**Chateau Estates School, Douglass Community School, East Jefferson High School, Haynes Academy & Strehle Community School**

Dear Parent/ Guardian:

We are pleased to announce that our School Based Health Centers will continue to offer Behavioral Health services at five locations. Our licensed behavioral health staff will be available at school to treat your child for any behavioral health issue that may arise at school. Each school has a social worker available during regular school hours; the social worker is available to provide assessments, education, and counseling as needed. We will also have psychiatry services available by appointment.

At present, we do not have on-site medical services at Chateau Estates School, Douglass Community School, East Jefferson High, Haynes Academy, or Strehle Community School. Students registered at these locations will be able to **access medical services** at one of the locations of our partner Access Health Louisiana if needed.

**The purpose of the Health Center is to keep students at school and to allow parents to stay at work.** Health Centers are in numerous schools around the state and have been providing services successfully to students for over 20 years.

Please fill out the attached consent form carefully if you would like to take advantage of the clinic. A parent or guardian must be the one to print and sign their name on the consent form. **Your child cannot be seen in the Health Center without a completed consent form.** If the consent form is incomplete, it will be returned for completion. The consent form will be effective for the entire time that your child is enrolled in Jefferson Parish Schools in a school that is served by the JPS School-Based Health Centers. We will send you a one page form every year to update important information.

If you have any questions, please feel free to call the Health Center or contact me directly.

| Benzoin Topical                              | Imodium                             | Sudafed PE (Phenylephrine HCl 10 mg Tabs) |
| Betadine Solution                            | Loratadine (Claritin)               | Tums                                      |
| Caladryl Clear                               | Lotrimin AF                         | Vaseline                                  |
| Calamine Lotion                              | Maalox                              | Vitamin A&D Ointment                      |
| Chloraseptic Spray                           | Medicaine                           | Visine eye drops                          |
| Cough Drops                                  | Mylanta                             | Zyrtec                                    |
| Debrox (Ear Wax Removal Drops)               | Nasal Relief Spray                  |   |
| Eye Wash Solution                            | Natural Tears                       |   |

\*Generic forms of medication may be substituted.

I agree that this student may receive all of the medications offered at the School-Based Health Center except those which I have written here: \_\_\_\_\_

\_\_\_\_\_

\_\_\_\_\_

**Policy & Procedure Statement:**

The Jefferson Parish School Based Health Center (SBHC) will require a completed consent/enrollment form to enroll a student for services at the SBHC. This complete consent and enrollment form will be good for the student as long as they are attending school within the same school district. The SBHC may ask the parent/legal guardian to complete an annual update form. All minor children, prior to receiving services, must have a current parent consent form on file, with the following exceptions: patients who are legally emancipated or anyone 18 or older. All parent consent forms remain part of the permanent medical record. Consent forms with questionable signatures may be rejected at the discretion of the SBHC staff. A parent or guardian is defined as either a natural or adoptive parent, in case of divorce, the parent with legal custody, or a non-custodial parent if the other is unavailable. If there is no court order, either parent can consent. Foster parents may give consent for their dependents but must produce a signed document from the natural parents or court. Stepparents, grandparents, and other relatives may not give consent unless they can produce a document showing that they have legal custody. This SBHC abides by **Louisiana Law R.S. 37:1262** for the utilization of telehealth in the practice of healthcare delivery, diagnosis, consultation, treatment, and transfer of medical data using interactive technology.

I understand that the Office of Public Health ("OPH"), Adolescent School Health Program provides oversight to the SBHC and, as part of such a program; the SBHC is required to provide information to OPH. Therefore, we consent to the disclosure of SBHC information to OPH, or its agent, in connection with the operation, funding and ongoing monitoring of School-Based Health Centers. I agree to the disclosure of SBHC information to the Office of Public Health, or its agent, in connection with the operation, funding, and ongoing monitoring of SBHCs.

**Confidentiality:** The SBHCs adhere to all current laws regarding the confidentiality of health services in general and specifically as they relate to services of minors. All medical and mental health records are confidential and will be maintained as directed by the Health Insurance Portability and Accountability Act (HIPAA). I consent to the exchange of relevant health information between this Jefferson Parish SBHC and the student's personal medical provider upon referral for medical care. I may request a copy of the organization's Notice of Privacy Practices that describes how health information is used and shared. I understand that Jefferson Parish SBHCs have the right to change this notice at any time. I may obtain a current copy by contacting the SBHC directly or calling 504-349-8996.

**Louisiana Law R.S. 40:31.3** states that: Health centers in schools are prohibited from:(1) Counseling or advocating abortion in any way or referring any student to any organization for counseling or advocating abortion. (2) Distributing at any public school any contraceptive or abortifacient drug, device, or other similar product. To report violations of the prohibitions against abortion counseling, advocacy, or referral; or distribution of contraceptives, abortifacient drugs devices, or other similar products, contact the Adolescent School Health Program at the Office of Public Health at 504.568.3504.

By signing this consent, you are agreeing for the SBHC to provide **primary, comprehensive, and preventive healthcare, physical examinations, immunizations, health screenings, laboratory/diagnostic testing, STI testing and follow-up, acute care for minor illness and injury including medications, if indicated, dental care (where available), management for chronic diseases, behavioral health services, health education, and prevention, case management, referral and follow-ups for emergencies, referral to specialty care, risk assessments, and telehealth services.**

I, as a legal parent/guardian, understand that I will not be charged for any of the services provided at the SBHC. I also understand that Jefferson Parish SBHCs, Access Health Louisiana, or the medical provider may bill Medicaid or other insurance providers for these services. I authorize/assign payments of authorized benefits directly to Jefferson Parish SBHCs and/or Access Health Louisiana. I understand that the SBHC is operated by Jefferson Parish Public School System and its employees and contractors, Access Health Louisiana.

My signature below acknowledges that I give permission for this student to receive the services provided by the SBHC. This consent is effective while the student is enrolled at a public school in this school district unless the SBHC is notified in writing that I no longer wish for the student to receive services.
