

Getting a GK ID Card

- ALL students must get an ID card. It's school policy. Even if you're in the virtual setting. When we return to in-person, everyone will have one.
- Use this link (<https://high5.id/p/ygh15>) to upload your photo in the proper color UNIFORM SHIRT (not a T-shirt); head straight, only shoulders and head in the photo, against a completely white or very light-colored wall, no pets or friends/family allowed in the photo! All students need an ID, so submit your photo NOW!
- If you get a rejection message, take a look at your photo and make any necessary adjustments to conform to the standards.
- Photos may not be altered with filters that change your actual appearance or add graphics to the photo.
- You must have your school ID number/lunch number. Parents can obtain this from the Student Portal Center. It will be a 7-digit number, possibly with a leading zero or two.
- When you enter the ID number in the proper place on the link, remove the leading zero(s). The system doesn't recognize those leading zeros.
- If you can't find your ID number, email Mr. Price at Wade.Price@jpschools.org. Be sure to state the student name(s) so he can find the number for you.
