East Jefferson Warrior Families:

We know the main priority during a weather event is the safety of your family. We are also very aware that with a storm you might face additional hardships, including the loss of power and internet. In the event that we are unable to return to the school building following the storm, students have access to their Chromebook and Google classroom.

The purpose of the following expectations is to continue the momentum of learning even through the temporary closure. We will be updating Google classroom with assignments for students to complete. Teachers will give feedback and grade assignments when they are able.

Remember your teachers are here to support you. They can easily be reached using their Google classroom and email.

As always, thank you for your understanding and never hesitate to reach out for assistance.

Mr. Moscona
