

## **School Family Night 2020-2021**

Parent and community involvement is a critical component to students' success. We are excited to share with you important information regarding Meisler's goals for the 2020-2021 school year and beyond.

Our school improvement plan includes information on past performance and sets specific goals for our children. It details strategies that are utilized to support our students and sets a timeline to meet those goals.

We would like to invite you to a presentation, in English and in Spanish, that will take place at Meisler Middle School on Wednesday, November 18, 2020 from 5:00 to 6:00 p.m. The presentation will also be virtual, which will allow those of you unable to physically attend to participate in the meeting. To join our meeting virtually, please go to:

Our school cannot be successful without your support. We look forward to seeing you Wednesday!

Thomas Chaze, Principal & Billie Gassen, Assistant Principal
