What is WorkKeys?

WorkKeys is a job skills assessment system measuring “real world” skills that employers believe are critical to job success. These skills are valuable for any career related education. When you use WorkKeys to show you are ready for work, you have an advantage with employers who accept or require job applicants to have WorkKeys scores. A growing number of states nationwide are adopting WorkKeys to ensure that all their workers have needed skills.

What you need to know...

WorkKeys is not like other tests, many of which measure how well prepared you are for college. Instead, WorkKeys gives you a better idea about your readiness for the workforce in general and for specific jobs and careers.

WorkKeys test questions are based on situations in the everyday work world. You should try to do your best on the assessments to get the most accurate picture of your workforce skills. Employers in your community may ask for your scores during an interview. These scores help employers select the most qualified candidates for their jobs.

Benefits for students:

- Enables you to rank above other job applicants who do not have needed skills.
- Shows prospective employers concrete proof of your skills.
- Increases the chances you will be hired after graduation.
- Enables you to see the importance of your courses.
- Improves your success in entry level and subsequent jobs.

The importance of college and career readiness...

If you want to be adequately prepared for the workforce, you need to understand the requirements for jobs you are considering. WorkKeys helps you determine the skill levels and education required for various jobs. The chart below shows information for three of the more than 10,000 jobs profiled in the WorkKeys database.

What parents can do to help...

Children count on their parents for guidance. By showing your son or daughter the importance of acquiring solid workplace skills, you can expand their career options and potential for more rewarding jobs. You can help by:

- Recognizing the value of workplace skills
- Encouraging the development of a positive workplace attitude
- Taking an active role in understanding and using WorkKeys scores
- Becoming more involved in their current academic efforts
- Providing support and direction for decisions about continuing education beyond high school
