Phase 3 & Phase 4

Equipment

Allows for the use of equipment with frequent sanitation after use

Temperature Checks

<100.4 and no symptoms

Face coverings are required

School Water Fountains:

Not Allowable

Checklist for All Staff:

Temperature checks must be performed prior to entry.

Face coverings must be worn. Athletes may take off face coverings while participating in activity. But must be worn during timeouts and while on the bench area. Coaches, officials and persons working scorers tables must wear a face covering at all times.

Social Distancing and Safety Rules:

Spectator seating shall be provided and shall be arranged so that a minimum of 6 feet of distance between individuals and small household groups is maintained. Group seating shall not exceed 10 people and should be limited to persons who are members of the same households. Eliminate gatherings in the areas while entering, exiting, or moving about.

Gym Capacity: Gyms with bleachers on both sides of the court may be limited to using 1 side for spectators as the team bench area must be separate from the spectator area. This may reduce the 25% capacity at each site depending on the configuration of the sport being played.
